

L5 Point Structure for the MAS Jr. Team Tennis Section Championships

Jr. Team Tennis (JTT) events are organized and run separately from the regular junior tournament structure which deals exclusively with individual and doubles tournament play (see the section on JTT on the Mid-Atlantic website). However, players in JTT Sectional Championship events will earn points toward their Mid-Atlantic Standings/Rankings beginning in 2009. The JTT Championships are organized into Advanced and Intermediate Divisions. The point schedule for points earned is as follows:

Advanced: 15 points per round to a maximum of 90 points

Intermediate: 10 points earned to a maximum of 60 points
