## **Rain Plan for Virginia Adult/Adult Mixed Doubles District Championships**

***Rain Delay:** Play is halted because of rain. It is unknown how long the rain will last. If a rain delay is called all participants are asked to follow the instructions below:*

1. At the announcement of **“Rain Delay”** or **“Stop Play”** all players on court must report to the Tournament Desk with **balls, score, the person serving and sides.**
2. After immediate scores are recorded, team captains should remain at the tournament desk for further instructions. A decision will be made by the Tournament Committee concerning the rain, within one hour.
3. All captains of teams waiting to play should also report back to the tournament desk in the **one-hour** time period to respond to further instructions.
4. If play is continued, all matches are given a ten-minute warm up and then expected to begin play where it had stopped.
