

TennisLink Changes Coming Soon

On January 27th a new look with several new features will appear in the TennisLink system. Every player will use their USTA membership login to access all TennisLink applications and a new "My Tennis Page". Check back on January 27th to see the new look and features. Don't know your membership login? { HYPERLINK "<https://membership.usta.com/user/login.jsp?dest=/user/main.jsp>" \o "<https://membership.usta.com/user/login.jsp?dest=/user/main.jsp>" \t "_blank" } 2011 is going to be a great year for tennis!

Highlights for the January release:

1. Single Sign On (membership and tennislink accounts will be linked)
2. My Tennis Page
3. My League Page
4. Ability to self-rate without a team number; must be a USTA member and signed into your account
 - only the player will be able to self-rate themselves
5. Streamlined Registration
 - phone and email will be required
6. Enhanced My Teams & Teams Following
7. Overall improved look and feel

So what should I do now?

1. Go ahead and create or know what your membership login is. Doing it now will make it easier for you when we go live on 1/27.
2. Be sure to notify all of your captains and players. The more people that know the better.
3. League Coordinators, Captains: prepare for some questions from the field. This is a big change for users as everyone (players included) will now be asked to login to do most functions.

On January 27th if you login with your current TennisLink login you will be forwarded to membership to confirm/create/modify your membership login. Once this is done your TL account will be merged and overridden with your membership account.

Creating your membership account as soon as possible is recommended.
