# ABOUT BOUNCE BACK

Bounce Back was founded in Lynchburg,  
VA in May 2009. Recently, we have  
expanded to Sacramento CA.

Our main purpose is to recycle used tennis  
balls and distribute them to senior  
residences in the area for medical walkers.  
We also provide used tennis balls to animal  
shelters for pet toys and public schools for  
chair and desk legs.

We have already collected over 1,200 balls  
in our first month of operation thanks to  
generous donations by the Sports Racket  
and Oakwood Country Club. We have  
delivered over 800 tennis balls to nine  
senior residences and have many other  
deliveries scheduled. In addition, we have  
donated 200 tennis balls to two local animal  
shelters and 100 tennis balls to a local  
public school.

Please share your used tennis balls or new  
ideas for recycling used tennis balls with us;  
we are always looking for new ways to use  
our used tennis balls.

Who else needs used tennis balls?  
Let us know at  
[bounceback.tennisball@gmail.com](mailto:bounceback.tennisball@gmail.com)  
or call 434-386-5790

When your tennis balls are no longer  
good on the court, they are good in  
the community.  
Let Bounce Back recycle for you.
